

100 YEARS | PERONA FARMS

Family Owned & Operated Since 1917

Three Unique Venues for Your Wedding

Our Story Began 100 Years Ago

Perona Farms was a dream come true that went slightly “off the wall” as far as Emil and Angiolina Perona were concerned. Emil’s career began in the kitchen of a London hotel, progressed to vaudeville stages all over the world, and transitioned to his venture to live the quiet life of a dairy farmer in rural northern New Jersey. In order to supplement the small farm income, they started taking in boarders and around that boarding house table, a story began that has lasted 100 years. The boarding house became a restaurant and today a landmark venue for weddings and special events.
