Ed Hafizov is a creative director and lead photographer and cinematographer of Zorz Studios, a Manhattan-based boutique studio. He braves both the New York City metro area and the world, eager to step out of his—and willing clients'—comfort zone to pursue original artwork with a lasting impression.

There is so much more to a successful photography business than pretty images. Here are some facts about Zorz Studios and its services:

- Painter and illustrator, educated in Fine and Photographic Arts
- Certified Professional Photographer
