A HAPPY BRIDE!

I hired Jessica (Bricoleuse Weddings) to help me with my wedding invitations. After looking at all of the typical wedding invitation sites, we couldn't find exactly what we wanted. I worked with her to create our custom invitation suite and it came out better than I imagined. She communicated with us every step of the way with her ideas and made sure the final product was exactly as we wanted it. We ended up going with handmade paper, silk ribbon and a wax seal along with a couple inserts with information about our big day. The final product was perfect, and I have received so many compliments since they went out. I HIGHLY recommend! - Mary Clark
