

HOW OUR LIVE WEDDING PAINTING WORKS

First of all, congratulations on your engagement!
You are about to embark on the most beautiful chapter of your life, and I would be so honored to be a part of your big day.

BEFORE YOUR WEDDING

1. Secure your date with a \$400 non refundable deposit and a signed contract.
2. Consultation: Upon booking we will go over your scene preference and anything else that is important to you and that you want to add to the painting.
3. I will provide my COI to your Maître d' / Venue Wedding Coordinator

THE WEDDING DAY

1. I will arrive 1 hour prior to the ceremony/reception to begin painting the background. When the guests arrive, the painting will already be underway.
2. During your chosen scene (ex. ceremony, first kiss, ceremony exit, first dance), I will take photos and videos to use for reference throughout the evening.
3. Once I have captured the moment, I will sketch it onto the canvas over the background and begin painting you and your guests
4. Towards the end of the night, your painting will look mostly complete and I will come find you to show you your painting before I leave. If your photographer and videographer is still present, I will give them the heads up so they can capture you with your beautiful new painting.

AFTER YOUR WEDDING

1. I will take your painting back to the studio to add in some final details and varnish. This process usually takes around 6-8 weeks depending on the size of your painting, and drying time.
2. All paintings come with a complimentary frame. I will package and ship out your painting once it's ready, and provide you with the tracking information.
