HERE'S WHAT THEY'RE SAYING

"My wife and I chose AGP for our engagement and wedding photos and we could not be happier. I'd had some stressful photography experiences serving as a groomsman in the past so I was not looking forward to this portion of the wedding. Ashley fully understood where I was coming from and made sure we were comfortable with the locations and timelines. We chose Rachel for our primary photographer and after our engagement sessions I was certain we made the right choice. She has great location suggestions and all the photos came out beautiful and very natural.

"Wedding day was more of the same. Rachel, Jenn, and Liam helped us keep the timeline we needed and kept everything light and fun the whole day. We never felt rushed or stressed at all. Their level of organization really impressed throughout the whole experience.

"The photos speak for themselves. Almost all of our vendors have been using AGP's photos from that day for their own advertisements because they capture everything so well. "

"Working with Ashley Gerrity was awesome from beginning to end! Ashley promptly responded to all of our questions and emails during the whole planning process and genuinely seemed excited about our wedding day.

"I cannot stop looking at our absolutely stunning photo album! It is truly a work of art! Ashley has the ability to take control, get the perfect pictures and make it enjoyable at the same time. Ashley brought Jenn as her second photographer and she got some really great shots of the guys it's actually difficult to tell we had two photographers, her vision was so close to Ashley's!

"Ashley made our family and friends feel comfortable in front of the camera and found ways to bring personalities into our pictures. She knew the venue and our first look and bridal party locations like the back of her hand and we could not be happier with choosing Ashley Gerrity Photography. We look forward to having her capture future life milestones!"

"First of all, if you are even slightly considering hiring Ashley Gerrity to capture your wedding day, stop hesitating and do it. Ashley and her team were exceptional and an absolute pleasure to have capture our wedding day!

"Ashley and her team were punctual, efficient, while maintaining a professional demeanor during the entire day. Ashley was able to keep us on schedule the entire day. The whole team has such an upbeat and energetic personality, it was easy to have them be there and talk to you and capture your day. My family and friends have not stopped talking about how amazing the AGP team is and how gorgeous the photos turned out. My husband and I couldn't have picked a better photographer or videographer to capture our wedding day so elegantly.

"I cannot put into words how thankful Joe and I are to have had such a great group of ladies!! From our engagement shoot to our album design, we couldn't be more pleased to show off all of the photos & video to everyone we can! Thank you again, Ashley, Ann, Tonya, Kiersten, and Angela. You ladies really made our day a breeze. <3"
