ESTD MILLS 1720

## Rustic meets refined at the incomparable Prallsville Mills.

Set along the banks of the Delaware River and historic Tow Path, just one hour from both Philadelphia and New York City, this beautifully preserved, Industrial Age village in the quaint town of Stockton, NJ is exclusively yours for your event.

Extensive lush grounds seamlessly lead guests from picturesque outdoor nooks, perfect for exchanging vows, to historic spaces within the village set to create timeless celebrations. Our Grist Mill, with its extensive wood beams and antique gear work, speak to a time of expert craftsmanship and make for a truly unique environment. In addition, the Saw Mill serves as an open rustic space for a casual, alfresco cocktail hour or laid back after party and whiskey bar lounge.

The John Prall House, just steps away, offers intimate gathering spaces for your bridal party, along with a beautifully appointed private lounge, for couples to add those last final touches prior to their wedding ceremony. While the layout of the property sets the ideal stage for a beautifully curated microwedding, the Grist Mill can accommodate formally seated dinners of roughly 130 guests, and more for cocktail receptions.

With breathtaking river views, textures and backdrops, the options are endless to create and share your love story with family and friends.
